Kaushal B. Kadam

Java Full Stack Developer | AWS

+91-8421331753 / kadamkaushal40@gmail.com / LinkedIn / GitHub | Portfolio

Profile Summary

Dynamic Full Stack Java Developer with expertise in designing and implementing efficient, secure, and scalable web solutions using Spring Boot, React.js, and AWS. Proficient in utilizing Spring Boot's advanced capabilities for backend development, RESTful API design, and seamless integration with relational databases like MySQL. Skilled in crafting responsive and user-friendly interfaces using React.js, HTML, CSS, JavaScript, and Bootstrap. Experienced in deploying and managing full-stack applications on AWS, leveraging AWS services like EC2, S3, RDS, and Lambda for cloud-based scalability, security, and performance optimization.

Skills

- **Technical Skills:** HTML5, CSS3, JavaScript, React.js, Node.js, Java, SpringBoot, Git, SQL, RestAPI, AWS.
- **Tools:** VS Code, Eclipse, MySQL, Postman, Xampp, GitHub.
- **Soft Skills:** Web Designing, Problem-Solving, Communication, Time-Management, Creativity, Teamwork.

Experience

Code-B Integrated Internship-Java (Intern)   **Feb 2025 – Apr 2025**

- Develop a secure authentication system with login and registration functionality.
- Implement role-based access control (RBAC) by granting Admin full system control (manage users & invoices) and restricting Non-Admin (Sales Person) to invoicing and limited features.
- Work with frontend and backend technologies to create a seamless user experience.
- Implement session management to maintain secure user sessions.
- Collaborate with the team to integrate the authentication system with the MIS and Invoice Generation System.

CODTECH IT SOLUTIONS PVT.LTD (Intern)   **Feb 2025 – Mar 2025**

- Development Assistance: Assist in building and maintaining web applications, contributing to both frontend (HTML, CSS, React.js) and backend (Java, Spring Boot) tasks under guidance.
- Designed and optimized MySQL database schemas for efficient data storage and retrieval.
- Conducted API development and testing using Postman, ensuring seamless integration between frontend and backend.

Projects

InsuranceWala – Insurance Management System | *HTML5, CSS3, React.js, Java, SpringBoot, MySQL*   **Jan 2025**

- Policy Management – Users can browse and purchase insurance policies.
- Claims Processing – Integrated claim submission and tracking system .
- Database Management – Used MySQL to store user data, policies, and claims efficiently.

FitGuide – Fitness Training System | *HTML5, CSS3, React.js, Java, SpringBoot, MySQL*   **Mar 2025**

- User Authentication – Secure login and registration.
- Fitness Plans – Users can choose from various plans like Bodybuilding, Weight Gain, and Fat Loss.
- Trainer Booking – Users can book certified trainers based on their preferences.
- Online Payments – Integrated Razorpay for seamless trainer booking payments.
- Database Management – MySQL stores user details, fitness plans, trainer bookings, and payment records.

Hotel Booking System| *SpringBoot, Java, MySQL*   **Nov 2024**

- Hotel Management System – Allows users to add, update, delete, and view hotel details.
- Room Management – Enables managing room details, including availability, pricing, and status.
- Booking Management – Users can book, update, delete, and view their reservations.
- Database Management – Utilized MySQL for efficient storage and retrieval of hotel, room, and booking data.

Book Store Management| *SpringBoot, Java, MySQL*   **Nov 2024**

- User Authentication – Implemented secure login and role-based access.
- Book Management – Enabled Create, Read, Update, and Delete operations for books.
- Order Management – Users can place, update, delete, and view orders.
- Database Management – Utilized MySQL for efficient storage of user, book, and order data.

Realtime Collaborative Document Editor| *React.js, CSS3, Firebase*   **Jan 2025**

- Real-Time Collaboration – Multiple users can edit the same document simultaneously with real-time updates.
- User-Friendly UI – Responsive and intuitive interface for seamless editing experience.
- Rich Text Formatting – Supports bold, italics, underline, and more.

Realtime Chat Application| *HTML5, CSS3, React.js, Socket.io*   **Feb 2025**
- Real-Time Messaging – Enables instant, bidirectional communication between users using **Socket.io**, without storing chat history.
- Multiple Chat Rooms – Users can join different chat rooms and communicate in real time.
- Responsive UI – Optimized for various devices with a clean and intuitive design.

API Integrated Weather Application| *HTML5, CSS3, React.js, Weather API, RestAPI*   **Feb 2025**
- Real-Time Weather Updates – Fetches live weather data from an API and displays accurate forecasts.
- Location-Based Search – Users can check weather conditions for any city worldwide.
- Responsive UI – Optimized for various devices with a clean and intuitive design.

Education

Dr. D Y Patil School of Engineering & Technology, Pune   **Jun 2024**
Bachelor of Engineering   *8.82 CGPA*

Itvedant Education Pvt. Ltd.   **Feb 2025**
Master in Full Stack Web Development with Java   *85.19 %*

Certifications

Java for Web Development – IBM	SpringBoot – Itvedant Education Pvt. Ltd
React – Itvedant Education Pvt Ltd	Java – Itvedant Education Pvt Ltd
Full Stack Course Completion – Itvedant Education Pvt Ltd	JavaScript – Itvedant Education Pvt Ltd
MySQL – Itvedant Education Pvt Ltd	Core Web Development – Itvedant Education Pvt Ltd
Core Java – HackerRank	SQL Basic – HackerRank
SQL Intermediate – HackerRank
